Home: 143/2, Humbutiyawa Nittambuwa, 11850 Nittambuwa (Sri Lanka)

ABOUT ME

Second Year undergraduate of Software Engineering at NSBM Green University. I love working on scalable web apps with Java (Spring Boot) and React, especially RESTful API integration, system design and database optimization with MySQL. Proactive problem-solver with a strong foundation in analytical thinking and debugging. Seeking a Full-Stack Developer Internship where I can utilize my technical skills and contribute to innovative software solutions.

SKILLS

Programming Languages

Python (computer programming) / Java (Programming Language) / JavaScript / PHP / SQL / Object-Oriented Programming

Web & Frameworks

Spring Framework (Spring Boot, Spring MVC, Spring Security, Spring Integration, Spring Batch) / React.js, Node.js, Bootstrap, HTML, CSS / RESTful APIS

Developer Tools & Methodology

Git / Experience in using Postman tools for API testing. / Postman / integrated development environment software / Github / Software Development Life Cycle (SDLC)

PROJECTS

[Jan 2026]

NextStep – Centralized University Management Platform

- Developed a full stack web application to improve university logistics including shuttle tracking and resource management modules.
- Architected scalable and responsive architecture using React for frontend and Java (spring-boot) for backend.
- Designed and Developed REST API for communication between Client and Server.
- Designed and implemented a MySQL relational database to maintain student and resource data with high persistence.

[Oct 2025]

SpareHubLK – Automotive Parts E-commerce Solution

- Developed and deployed a full-stack e-commerce platform for automotive parts.
- I used PHP and MySQL for product listings, user management and search features.
- Concentrating on creating a user-friendly interface and optimizing database queries for high performance.

Link: https://github.com/sudeesharavisara2-sys/sparehublk.com.git

[Oct 2025]

University Student Management System

- Developed a web based management system to automate university administrative tasks such as student registration and record management.
- Utilized PHP for server side logic and backend development.
- Implemented a MySQL database to securely store and manage relational data for students and courses.
- Executed CRUD operations to ensure efficient handling of student information.
- Designed the frontend using HTML and CSS to provide a functional and user-friendly interface.

CERTIFICATIONS

[University of Moratuwa & DP Education, Apr 2024]

Python for Beginners

- Developed a foundational understanding of Python programming syntax and data structures.
- Learned basic algorithmic logic and problem solving techniques essential for software development.
- Completed practical assessments and coding exercises focused on core programming principles.

Mode of learning: Online

EDUCATION AND TRAINING

BSc (Hons) in Software Engineering (UG)

NSBM Green University [Feb 2025 – Current]

Address: Mahenwaththa Pitipana, 10200 Homagama (Sri Lanka) | **Website:** https://www.nsbm.ac.lk | **Field(s) of study:** Information and Communication Technologies: ● Software and applications development and analysis

GCE Advanced Level (Mathematics Stream)

Sanghabodhi College [2022]

City: Nittambuwa | **Country:** Sri Lanka

- **Combined Mathematics (**Result: **S):** Advanced problem solving and logical reasoning using calculus and statics.
- **Physics (**Result: **S):** Technical foundation in mechanics, electricity, and electronics.
- **ICT (**Result: **C):** Fundamentals of computer systems, networking, and structured programming.

WORK EXPERIENCE

DAMRO Group – Nittambuwa, Sri Lanka

Address: 361 Kandy Road, Nittambuwa (Sri Lanka)

Payroll administrator

[15 Mar 2024 – 15 Mar 2025]

- Process employee payroll and attendance records ensuring high data accuracy.
- Generate analytical reports using Excel and internal payroll systems.
- Identify and correct data inconsistencies to improve reporting reliability.
- Maintain confidential employee records and documentation.
- Assist with recruitment and onboarding processes.
